Governance Structure and Curriculum System in Finland 2012

Irmeli Halinen

Curriculum is a central pedagogical tool to enhance learning

EDUCATIONAL GOALS

Important ideas

- ◆ A collaborative school community
- ◆ Methods and working approaches are sensitive for a pupil's abilities and learning styles
- ◆ To create situations for interactive learning and co-operations and for learning together
- ◆ Differentiation: learning contents, materials, and methods etc.
- ◆ Participation opportunities for students
- ◆ Development need of the learning group and each individual
- ◆ General support
